What is the AHMP Cyber Chapter?

- Our Mission is to provide professionals who are managing hazardous materials with a virtual forum to exchange information and ideas and assist them in adapting to the changing aspects of the profession of hazardous materials management as it is related to the environment, health and safety, transportation, disaster planning, emergency management and homeland security.
- The Cyber Chapter offers a convenient alternative to traditional Chapter membership, with the same networking and continuing education options available, in an easily accessible on-line format.
- Cyber Chapter membership provides a broader national perspective on issues facing CHMMs and EHS&S professionals.
- The Cyber Chapter also provides the opportunity to network with professionals from many different locations and disciplines.
